

# International summer school

Come to an international summer school for 4 weeks. Stay at Ranum Efterskole College and experience an amazing community with young people from all over the world. We offer different academic levels in all of our classes. In the afternoon you can choose 1-2 profile subjects.

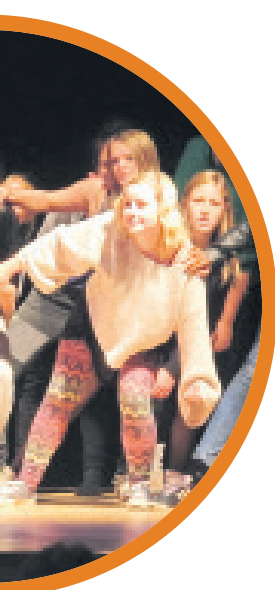

Every week will begin with a team building introduction, so we will get to know each other. We will go on an excursion during the week and we will finish the week with a party.

Summer school is a great choice if you want to experience life at an efterskole, learn something new in your holiday and make new friends from all over the world.

Profile subjects: Sailing, SUB boarding, Dancing, Music, Design and Gastronomy.

Evening activities: Kayaking, Climbing, Football, Basketball, Mountain biking, Beach volleyball and much more.

- Cultural excursions
- Social and recreational activities

Participant requirements

- Be motivated to go abroad and open to new experiences
- As a minimum have basic English skills
- Be aged between 14 and 17 years

## **TEACHING/CLASSES**

The purpose of the summer school is for you to have an amazing, fun and exciting summer holiday, while being challenged personally and academically. The time will fly!

Academic classes are mainly taught in English using English materials. In Danish, we will focus on Danish language and Danish culture and society. Classes are mainly projectoriented and you will work individually or in groups on presentations of various themes.

When your application for this program has been accepted you will be asked to choose between Danish or a science class. All participants will have English classes. In order to provide classes suitable to your level, you will be asked to also give yourself a grade in subjects based on interest and level. You will also be asked to explain what you find interesting about the subject. You may also write comments if you have any academic challenges.

## **EXCURSIONS**

During the week we will go on various excursions - by bus or bike - to the beach, out in the nature, to Løgstør for shopping or similar. The big excursions/trips on Wednesdays and Saturdays will go to Aalborg, Viborg, Aarhus or Skagen, where we will visit exciting tourist attractions. We are away for the entire afternoon and we will dine on the trip. The trip will often finish at sunset with an evening swim.

## **WHAT WILL YOU GAIN FROM A SUMMER SCHOOL EXPERIENCE?**

Summer school is all about community, academics and new experiences. We believe that you will learn more when you have chosen your own classes and when you are together with other learners who have shared interests.

You will gain a lot of knowledge from the academic classes in which you will also meet other young people from different cultures – together you will try what it is like to be in an international educational environment. Maybe you will experience that you will learn the most from the profile subjects because these will strengthen your ability to learn new things and think creatively – these experiences will be useful in your future academic endeavours.

Summer school will strengthen your social competences and open your mind to others. You will be more independent and your English skills will improve in a short period of time, as all communication will be in English during your stay. All this while you are making new friends from all over the world.

## **SOCIAL RULES**

The first rule at Ranum International Summer School is that everyone is committed to be considerate of others and participate actively during the summer. We prioritise trust, open-mindedness and responsibility. It is important that you are familiar with the rules – and follow them.

### **We expect social participation and proper tone**

We do not tolerate bullying, harassment or discrimination.

We do not tolerate threats, violence, vandalism or theft. Any violation will result in immediate expulsion. Vandalism on school property will further result in compensation claims.

We treat each other properly and we speak to each other in a proper manner.

### **We expect active participation**

All activities in the timetable are obligatory. We do not tolerate truancy and we expect you to be on time – prepared and ready.

### **Smoking, alcohol and drugs are not tolerated**

The school is a non-smoking school – indoor and outdoor. We do not tolerate alcohol or drugs of any kind. Any violation will result in immediate expulsion.

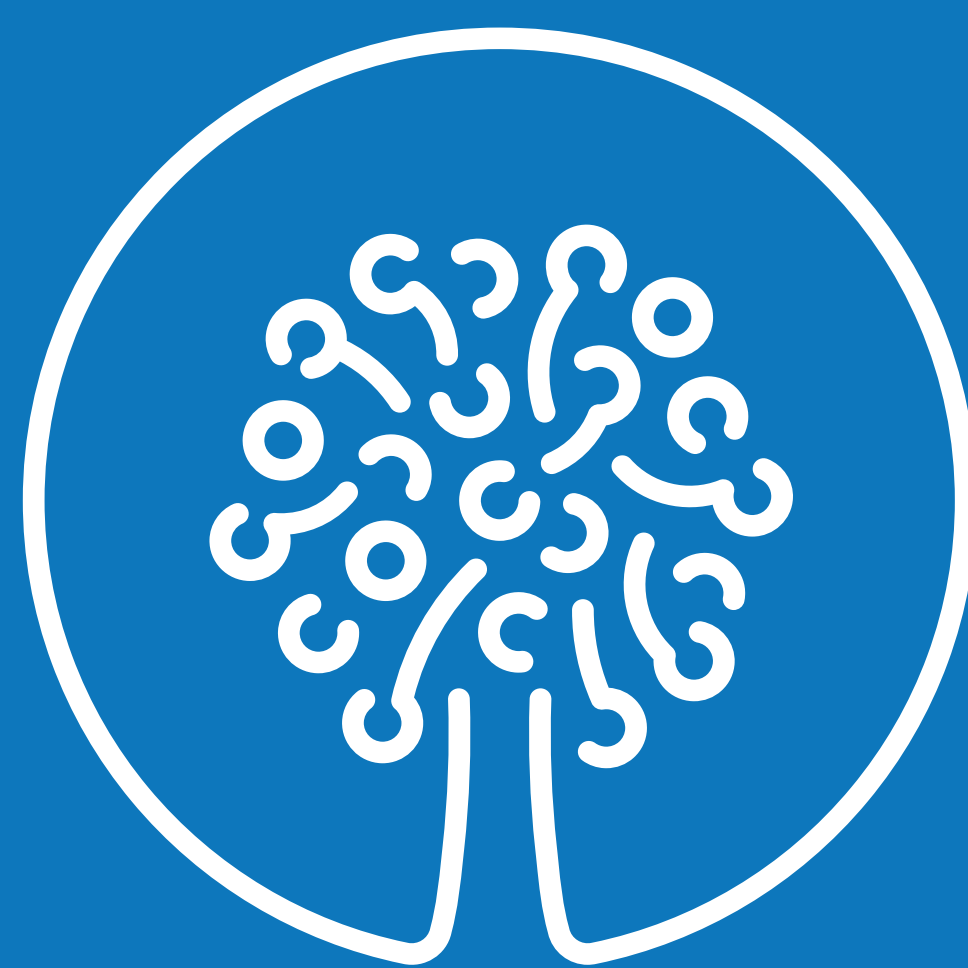

### **We do not tolerate any abuse of media**

We do not tolerate any illegal activity such as downloading illegal files on the school network. Any violation will result in suspension from the wireless network. We do not tolerate bullying via electronic devices or social media – including harassing photos or text messages. Any violation will result in immediate expulsion. When you register for the summer school, you automatically accept that any photos taken during activities and excursions may be published via social media for the benefit of you, your family and your friends.

### **Responsibility and security**

All activities are covered by the school's liability and business insurance. In relation to activities in the water, we refer to the school's safety instructions on our webpage: [www.ranumefterskole.dk/efterskolen](http://www.ranumefterskole.dk/efterskolen). All participants will perform a 300 meter swimming test prior to water activities and may after the completion wear a swimming vest. If the participant is unable to complete the swimming test, he/she must wear a safety vest. Parents must give their consent in relation to activities such as climbing, swimming, bathing, sailing, sports, dancing etc. when registering for the summer school. Parents must cover any expenses in relation to travels to-and from the school and participants are under parental responsibility when making such travels.
